

PRESS RELEASE

Fininvest claims 570 million euros damages from Vivendi

Today Fininvest S.p.A. filed a summons at Milan Court to be served on Vivendi S.A. ordering the company to fully comply with the shareholders' agreement attached to the contract entered into with Mediaset S.p.A. on 8/4/2016. Through this summons, Fininvest is however claiming compensation for the serious damages already caused. These damages amount to at least 570 million euros and, among other things, are due to a decrease in the value of Mediaset shares deriving from this event, to the fact that their value would have increased had the contract been executed and the undeniable harm caused to corporate image.

Milan, 23 August 2016
